

Packing

Full Pack.

Packing will normally take place on the day prior to the move. We use good quality, double wall cartons for china, glass etc. and smaller double wall cartons for books, CD's and heavy items. Glass and china will be wrapped in acid-free paper and / or bubble-wrap. Our men will label each box that they pack to ensure that they are placed in the appropriate rooms.

Clothing will be transported on our hanging garment rails to avoid creasing.

China and Glass Pack.

We will pack all china, glass and breakables and also provide cartons for you to pack all your non-breakables.

Unpacking.

We can provide an unpacking service if required.

Self-Pack.

If you wish to carry out your own packing we will provide cartons etc. at your request prior to removal.
